

Live Green. Die Green.

## Application for Spirit Sanctuary Non-Profit Partnership

We, at \_\_\_\_\_, a 501c3 not-for-profit organization licensed in the State of \_\_\_\_\_ would like to enroll our organization in partnership with the Spirit Sanctuary Conservation Burial program. We have read and are familiar with the philosophy and procedures for burial at Spirit Sanctuary. We have a conservation-related mission and are happy to participate with Spirit Sanctuary in promoting green burials and working in service to Nature.

We understand that once accepted as a partner organization anyone who has remembered our organization in their end of life estate planning will be eligible for a \$1,200 burial, paid in advance to Spirit Sanctuary. If a member of our organization chooses not to include our, or any other, conservation organization in their estate planning, they may still enroll and be buried at Spirit Sanctuary for \$3,500. In both cases, the individual will need to personally enroll and pay the enrollment fee directly to Spirit Sanctuary.

Signed this \_\_\_\_\_ day of \_\_\_\_\_, 20 \_\_\_\_\_.
